Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 5-7, 9-12, and 14-17 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Fortin (5457898).

Fortin shows a shoe comprising a sole (12), a toe cap (15), an upper (14), and a metatarsal guard (11) with a convex arch/instep portion (shown in figure 1), and a right and complementary left leg (side portion which lead to the edge 13) as claimed. In reference to the limitation of “an integrally molded section rearward of the right and left support legs” which does not bear against the sole, Fortin clearly shows such at the location of the arrow from number 10 in figure 2 and also elements 21, 21', and 22. In reference to a “lip”, elements 16 are considered to be a lip which overlap the toe cap but which do not contact/bear on the sole as claimed.

Claim Rejections - 35 USC § 112

3. Claims 18 and 19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 18 lines 9-10 appear to duplicate the elements claimed in lines 6-8 rendering the claim vague and confusing.

Allowable Subject Matter

4. Claims 18 and 19 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

5. Applicant's arguments filed 11/9/05 have been fully considered but they are not persuasive.

In response to applicants' arguments directed towards "a single leg", it is noted that claims 14 and 17 do not include such a limitation and therefore such arguments are not persuasive.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
